Michelle Cesareo

Current Position: Accounting Coordinator

Started with M&D in: 2003

Started as: Temporary Office Worker

Michelle Cesareo got her first position with M&D Mechanical in 2003 with a bit of luck. In high school, she had taken business courses and participated in Decatur High School's business co-op program. Once she graduated, she signed with a temp agency and her second position with the company was with M&D Mechanical. A few months later, the company hired her as a full-time front desk clerk.

While working at M&D, Michelle was able to go to Calhoun Community College where she got her Associate degree in Accounting and in Business. Around this time, the accounting coordinator position opened up, and she was chosen for the position. Michelle went on to get her Bachelor of Science degree in Accounting from Athens State University and graduated from the University of North Alabama with a Master's in Business in December 2013.

Her advice: "Education is important for a career like mine. You must also have great organizational skills, love numbers, be detail-oriented, and be a good problem solver."
